

U.S. Senator Judd Gregg:

Committed to Protecting Southern, Western, & Lakes Regions of New Hampshire

Rossview Farm-Concord

Senator Gregg secured \$2 million in Forest Legacy funds to assist with the permanent protection of this 515 acre farm in Concord.

Merrimack River Anadromous Fish Habitat Conservation-Concord/Canterbury

Senator Gregg has secured \$1.1 million to assist with the protection of almost 1,000 acres of land along the Merrimack River in Concord and Canterbury. These funds are also being used to protect 52 acres along the Smith River in Danbury, which is one of the key tributaries to the Merrimack River.

Willard Pond

Senator Gregg secured a \$1.3 million Forest Legacy Grant to protect this 2,031 acre parcel of land in Antrim. Conservationists believe the parcel hosts some of the most ecologically diverse lands in northern New England.

Melvin Valley

Senator Gregg secured \$500,000 to purchase a conservation easement on the Kimball Pond wildlife habitat in Weare. This 1,200 acre tract of land is a productive second-growth forest which was threatened by development encroaching on its borders. These funds helped to protect the productive wildlife habitat of Melvin Valley, which serves as home to moose, bobcat, deer, coyote, otters and a host of other species.

The John Hay Natl. Wildlife Refuge

As Governor, Gregg helped acquire the John Hay Estate and raise funds for its restoration. As Senator, he has continued to support the refuge providing \$150,000 for the restoration of the barn on the estate.

March Pond Forest

Senator Gregg secured \$230,000 in NOAA funds for the March Pond Forest project which helped conserve 960 acres in Hill near Ragged Mountain.

Woodmount West Orchard-Hollis

Senator Gregg supported a \$500,000 Farmland Protection Program Grant that helped preserve the 181 acre orchard as a working farm.

Smarts Mountain

Senator Gregg helped to secure \$1 million in Forest Legacy funds to protect six separate parcels of land in Grafton totaling over 3,911 acres.

Robb Reservoir

Senator Gregg was instrumental in securing a \$3 million Forest Legacy Grant which was used to protect 1,670 acres in Hancock and Stoddard.

Ossipee Pine Barrens

Senator Gregg secured \$2.34 million in Forest Legacy funds which was used to protect that was used to protect 2,264 acres in Ossipee and Whitefield.

Lake Winnepesaukee Watershed Management Plan

Senator Gregg secured \$100,000 to assist the Lakes Region Planning Commission and the Lake Winnepesaukee Watershed Association to develop a comprehensive management plan for Lake Winnepesaukee.

Temple Mountain

Working with State and local officials and community members, Senator Gregg helped to secure \$176,870 in federal LWCF money. These funds assisted the State of NH in purchasing the 352 acre property in Temple, which is now part of the State Park system.

Crotched Mountain

Senator Gregg secured \$2.75 million in Forest Legacy funds which will be used to help protect 1,165 acres.

Carter Hill Orchard-Concord

Senator Gregg supported a \$300,000 Farmland Protection Program Grant which helped permanently preserve this 145 acre working apple orchard in Concord.

Kimball Pond-Dunbarton

Senator Gregg secured a \$750,000 Forest Legacy Grant to acquire easement on 700 acres surrounding Kimball Pond.

Connecticut River Partnership Program

Since 1992, the Connecticut River Joint Commission (CRJC) has worked to assist individuals and organizations in the upper Connecticut River Valley who are working on projects that address issues relating to water quality, wildlife habitat protection, historic preservation, agriculture and forestry land use and economic development. Since 2003, Senator Gregg has secured \$1.3 million in federal funding for the Connecticut River Partnership.

Sunapee-Pillsbury Highlands-Washington

Senator Gregg secured \$2.5 million in Forest Legacy funds which allowed the purchase of a conservation easement on 6,800 acres here and the purchase of an additional 200 acres. These 7,000 acres make up part of one of the largest unbroken forest tracts south of the White Mountains.
